

NEW ORLEANS AND THE BIG REUNION

THE BIG REUNION OPENED IN THE CRESCENT CITY TODAY. THOUSANDS OF VISITORS.

Special to the Herald.

New Orleans, La., April 25.—The United Confederate Veterans began their sixteenth annual reunion in New Orleans today. Fifteen thousand veterans and their friends filled the auditorium when the gathering was formally called to order at noon. Chaplain Jones delivered the invocation. Governor Blanchard welcomed the veterans to Louisiana, and Mayor Behrman spoke for the city of New Orleans. The welcoming addresses were responded to by Lieutenant General Stephen D. Lee, commander-in-chief of the United Confederate Veterans. General Lee's appearance was the occasion of a great demonstration. The veterans rose in a body, and cheer after cheer rang out, and many women present joined in the applause. The applause continued for several minutes. In his brief address General Lee made touching reference to the late Major General Joseph Wheeler and other prominent veterans of the Confederacy who have passed away since the last reunion.

Judge James B. Gantt, commander of the Missouri division of the U. C. V., delivered the annual address, and then the meeting adjourned for the day, after the appointment of committees on credentials and resolutions, which are to report tomorrow.

Veterans and other visitors continued to pour into the city in large numbers this morning, and it was estimated that the total attendance at noon was near one hundred thousand. Texas is unusually well represented, while all the states from Maryland to the mouth of the Mississippi and from Florida to Missouri have sent good sized delegations. The visitors have found the local arrangements of a perfect character, and nothing is being left undone to contribute to their comfort and pleasure. The entertainment features of the program begin tonight with a grand ball. The downtown district is decorated as never before with a profusion of flags, bunting, streamers and electric lights.

Pennywise on Painting

The cost of the paint, be it good or bad, is the minor portion of a bill for painting. It is the painter's time in putting it on that costs. The outlay for paint is rarely more than a fourth, never more than a third.

A little personal attention to the paint your painter uses will save you the necessity of hiring him so often.

COLLIER OR SOUTHERN Pure White Lead (made by the Old Dutch Process), mixed with Pure Linseed Oil and properly applied, lasts many years.

Mixtures of unknown ingredients last from one year to three, according to the proportions of real paint (White Lead) they have in them. Some mixtures have almost no White Lead, and consequently almost no value at paint.

Skilled labor and poor material are a most expensive combination. In using Pure White Lead you get full value for the painter's time.

Send for a booklet containing several handsome reproductions of actual houses, showing valuable suggestions for a color scheme in painting your house. A test for paint purity is also given.

Mrs. John Seavert, wife of John Seavert, boiler-maker, of 119 DeBarb street, says: "In June, 1902, when asked for my opinion of Doan's Kidney Pills, I made a public statement to the effect that I had procured a few boxes of them at Bratton Drug Co.'s store and had treated myself for backache and other symptoms of disordered kidneys. During the year or more that has passed there has been no recurrence of my former troubles, and I have had occasion to recommend them to several other people, who have followed my advice and have derived lasting benefits from their use. I am pleased to re-endorse the remedy."
